

TITLE 228 - DEPARTMENT OF LABOR

CHAPTER 24 - STAIRWAYS, LANDINGS, AND RAMPS

001. This chapter is adopted pursuant to Neb. Rev. Stat. §48-1803.
002. Adequate stairways or ramps and the necessary landings and platforms shall be provided where people enter or leave a device, ride, or structure that is above or below grade or floor level at entrance to or exit from such amusement. The design and construction of stairways, ramps, and railings shall conform to current federal Occupational Safety And Health Act standards. When railings are constructed, they should protect children as well as adults, except for the requirement of placement of stairway railings and guards. All stairs with four or more risers shall have standard handrails or railings on both sides, regardless of width.
003. The construction of the standard railings and handrails shall be in accordance with current federal safety standards.
004. Fencing shall be provided around rides at a height of not less than forty-two (42) inches with vertical spacing of not less than six (6) inches.
